

This series is all about our feelings, and our identity (who God made us to be!) Our heart is that our children know that having feelings is okay, but also learn that these feelings are just feelings, not who they are. Above how they feel, our prayer is that each learns that they are loved and saved by God – His sons and daughters.

It's God and His great love for us that makes us who we are! We are safe in God's love – no matter what we feel. He made us and wants to be our friend! We aim to echo this key understanding throughout all aspects of the service, affirming who each child is whenever we get the chance, aiming for our children to feel comforted by God's word, but also reminded of the truth of it.
