

Loved By God

Background: In this series, we want our preschoolers to know and learn that they are loved by God! No matter what they do, where they go, or how much they know – He loves them. Throughout this series we are going to use various stories, crafts, activities and games to help to show our Cubby House children that they are loved by God, helping them move towards a place of trust in and relationship with God – as they grow to know Him more.

Big Idea: No matter what I do, where I go, or what I know... I am loved by God!
